

ENVIRONMENT, HEALTH AND SAFETY POLICY

Aligning with Saint-Gobain's commitment towards Health and Safety, and preservation of the Environment, we at **PROJECT ENGINEERING GROUP**, endeavor in our business, to achieve the global objective of

- Zero work related accidents
- Zero occupational illnesses
- Zero environmental accidents and minimum impact of our activities

This shall be achieved by:

1. Complying with all applicable Environmental, Health & Safety laws, regulations and other applicable EHS requirements
2. Involving all Employees and relevant stakeholders in promotion and implementation of sound EHS work practices, in eliminating potential hazards and maintaining a balanced work environment
3. Promoting the use of appropriate technology and resources in our activities towards sustainable development

We reinforce our commitment to this Policy to ensure a Greener Future

M R RAMARATHNAM
